Functions of Lloyd's Register of Shipping iii

PREFACE

Preface to the 1954 Edition of the Register of Yachts, with notes on classification with Lloyd's Register .. iv

LLOYD'S REGISTER

List of Ports where the Society has Offices and Surveyors stationed viii

Abbreviations denoting ports where Lloyd's Register surveys have been held on yachts in the Register .. xix

YACHTS

Abbreviations and definitions of terms used in the Register xiii

REGISTER OF YACHTS, giving particulars of official numbers; signal letters; type; sailmakers; tonnages; dimensions; dates and places of build; Builders' and Designers' names; engines; Owners' names; ports; details of classification of yachts classed with Lloyd's Register.. 1

Particulars of new yachts not yet named.. 668

List of One-Design Classes 671

Racing Yachts—Sail Numbers of International and National Classes 685

Notes on Yacht identification by Sail Numbers, etc. .. 684

Late Names (ex-names) of yachts 803

List of yachts in categories of Thames Tonnage, down to 10 tons T.M. 829

YACHT OWNERS

Names and addresses of Owners of Yachts listed in the main Register, with their clubs and the names and tonnages of the yachts they own 893

CLUBS AND AUTHORITIES *Page*

List of Yacht and Sailing Clubs with their officers and other useful particulars.. 728

International and National Authorities 718

Abbreviations used to denote the clubs referred to in the List of Owners 890

Index to Clubs and Club Burgees 720

YACHT BUILDERS AND DESIGNERS

List of Builders and Designers with the names of the yachts built and/or designed by them appearing in the Register 847

FLAGS AND SIGNALS

National Flags and International Code } Colour Plates
Club Burgees .. .. .. } Colour Plates *Following* 794
Private Flags of Yachtsmen .. } Colour Plates

Index to Club Burgees 720

Index to Private Flags 789

List of Signal Letters of Yachts in the Register 795

REGATTA FIXTURES

Royal Yachting Association Regatta Fixtures 1041

Royal Ocean Racing Yacht Programme 1044

Clyde Fixture List 1045

Highland Regattas.. 1045

Royal Yachting Association Dinghy Fixtures—Principal and Class Trophy Events 1954 1046

MISCELLANEOUS

List of Yachtsmen holding Masters' Certificates.. .. 1035

Digest of yachts listed in the 1953 Edition of the Register but omitted from the 1954 Register 1039

ADVERTISERS' ANNOUNCEMENTS .. *Following* 1050

SAIL NUMBERS OF RACING YACHTS

NOTES ON THE RACING YACHT SECTION

The Section of the Register dealing with Racing Yachts is designed to serve two main purposes, viz:—

1. To list under the several Countries, yachts of the International, National and Ocean Racing Classes;
2. To provide in Part II a list of yachts, too small for inclusion in the main body of the Register, but which are governed by the International and National Authorities.

It will be seen, therefore, that Part II of the Racing Yacht Section goes some considerable way towards meeting the problem of listing small boats in the Register.

Identification of Racing Yachts

The following information may be of interest, viz:—

International Classes

All yachts of these classes should bear on the mainsail:—

(*a*) A number or emblem showing the class to which the yacht belongs;

(*b*) A letter showing the nationality;

(*c*) The number of the yacht in the particular class.

The following letters, indicating nationality, have been assigned by The International Yacht Racing Union.

A	Argentine	L	Finland
B	Belgium	M	Hungary
BL	Brazil	N	Norway
CZ	Czechoslovakia	OE	Austria
D	Denmark	P	Portugal
E	Spain	PH	The Philippines
F	France	PZ	Poland
G	The Deutsche Bundes Republic and West Berlin	RC	Cuba
		RM	Roumania
		S	Sweden
GE	Greece	SR	Union of Soviet Socialist Republics
GO	Deutsche Demokratischen Republik	TK	Turkey
H	Holland	U	Uruguay
I	Italy	US	United States of America
J	Japan	V	Venezuela
K	United Kingdom	X	Chile
KA	Australia	Y	Yugoslavia
KC	Canada	Z	Switzerland

Thus, a 6-metre yacht belonging to The United Kingdom and assigned the number 7 would bear on her mainsail:

$$\frac{6}{K7}$$

R.Y.A. Handicap Classes

The R.Y.A. Handicap Classes have been assigned the numbers 1 to 99. The first 99 numbers having been exhausted, a second series of 1 to 99 was assigned, and subsequently a third series with a letter "Y" added was employed, thus:

1Y, 2Y etc.

Ocean Racing Classes

The United Kingdom Ocean Racing Class numbers are assigned by The Royal Ocean Racing Club. They run from 100 to 499; 601 to 699; and 751 to 899.

The R.O.R.C., at the request of the French, Italian and Spanish Authorities, have allotted:—

France	Nos.	500 to	600 and	900 to 1,000
Italy	,,	700 ,,	750 ,,	1,300 ,, 1,399
Spain	,,	1,200 ,,	1,299	

The Belgian, German, Dutch and Brazilian Authorities, however, have allotted their own separate numbers independently, each commencing with No. 1.

Apart from the International Metre Classes, yachts of the following International and National Classes bear the emblems on their mainsail as indicated below, viz:—

International Classes

D	Dragon	14	14ft. Dinghy
12	Sharpie 12 sq. metre	T	Tornado

These emblems or numbers appear above the letter indicating the nationality and the yacht's number, thus:

$$\frac{D}{K17}$$

National Classes

S	Swallow	▲	Merlin-Rocket
18	18ft.	F	Firefly
15	Swordfish	N	12ft. Dinghy

These emblems or numbers appear over the yacht's number, thus:

$$\frac{F}{26}$$

It is hoped that the Racing Yacht Section, used in conjunction with the Register itself, will facilitate the identification of yachts and at the same time be of interest to yachtsmen. It must be added, however, that the Editor of the Register has to depend upon the co-operation of the various National Authorities in making this Section as complete and up-to-date as possible.

SAIL NUMBERS OF RACING YACHTS

The following lists of Sail Numbers of Racing Yachts holding certificates of Rating are furnished by the National Authorities

PART I

12 Metre, 10 Metre, 9 Metre, 8 Metre, 7 Metre, 6 Metre, 5·5 Metre, R.Y.A. Handicap, Ocean Racing & 30 Square Metre Classes

FLAGS OF YACHT CLUBS, SAILING CLUBS AND DISTINGUISHING FLAGS OF YACHTSMEN

FLAGS OF YACHT CLUBS, SAILING CLUBS AND DISTINGUISHING FLAGS OF YACHTSMEN

INDEX TO DISTINGUISHING FLAGS.

To facilitate reference at sea, the Distinguishing Flags have been arranged according to colours :—
1st, Red ; 2nd, Yellow ; 3rd, Dark Blue ; 4th, Green ; 5th, Light Blue ; 6th, Chocolate ; 7th, Purple ; 8th, Black.
Combinations of two or more colours generally follow the principal colour in the order above.
In Flags with vertical designs the colour next the mast is the principal colour ; in horizontal designs, the top colour.

Whilst Lloyd's Register has no jurisdiction over the choice of flags or burgees, it is suggested that before a design is adopted care should be taken to avoid its confusion with any of the International Code of Signals. It would also be well to see that the proposed design does not conflict with any other flag reproduced in the Yacht Register.

LATE NAMES OF YACHTS

LIST OF LATE NAMES OF YACHTS IN THE YACHT REGISTER

(s. signifies Steam Yacht, m. signifies Motor Yacht, a. signifies Yacht with Auxiliary Motor.)

LATE NAME.	Thames Tons.	PRESENT NAME.
A		
A.S.L. 2	77	m. Lalage.
A.S.R.L. No. 177	65	m. Nanyao.
Aase	20	a. Eos.
Abdallah-el-Bahar	14	a. Alektor.
Abeona	46	a. Skyid.
Aberlady	—	Hiawatha.
Aboukir	4	a. Pastime.
Abousier	3	a. Judy.
Acania	—	m. Southern Seas.
Achilleus	98	a. Padogo.
Acorn	5	a. Nysa.
Acorn II	7	a. Betty.
Acrospire III	10	Waree.
Acsenov	21	a. Maud.
Ada	37	a. Gladwyena.
Ada	6	a. Cuban.
Adaljar III	32	m. Caritas.
Adara	49	m. Winona.
Adastra	50	a. Concha II.
Adastra	18	m. Seal.
Adele	10	a. Gardenia II.
Adeline	34	m. Melsetta.
Aderyn	30	m. Foresight.
Adler	26	a. Galahad.
Admiralty Craft	150	m. Penrhyn Deudraeth.
Admiralty Craft	25	m. Aqua Manda.
A		
Admiralty Lch No. 237	32	m. Elim.
Admiralty M.B. No. 63	7	m. Bundy.
Admiralty Pinnace No. 173	34	m. Luella.
Adorna	20	Signe II.
Adria	15	m. Westbrook.
Adventure	10	Dawn Light.
Adventuress	83	a. Isabelle.
Aeger	56	a. Harebell.
Aegir	56	a. Harebell.
Ægir	7	a. Meteor.
Aero-Marine I	24	m. Bon Partout.
Afrodite	16	Palaimon.
Agamy	4	m. Archer.
Agder	11	Erna III.
Agility	—	a. Tern.
Agonisma II	10	a. Moeder de Gans.
Agu	13	Bé-Bé.
Ahmady	764	m. Queen Alia.
Ahola	48	m. Fieldfare.
Ahto	10	a. Skerdmore.
Aid	41	a. Grania.
Aida	5	a. Maida.
Aida	—	Vigdis.
A		
Aileen	12	a. Aileena.
Ailort	13	a. Zadig.
Ailsa	10	a. Ailsa I.
Akabo	30	a. Raider.
Akbar	5	a. Greenjacket.
Akka	12	a. Shanty.
Aladdin	—	Virgo.
Alanna	34	a. Blue Marlin.
Alaric	7	m. Alaric of Poole
Alarm	4	Moonflower.
Alba	31	a. Thorfinn.
Albacore	8	Philippine.
Albany	71	m. Arnil.
Albatros	62	a. Neptune.
Albatros	61	a. Mollymawk.
Albatros	7	Ian Havelaar.
Albatross	69	a. Eva Maria.
Albatross	17	a. Buccaneer III
Albert II	8	a. Greensleeves.
Albert Frècasse	91	a. Pas de Loup.
Albertina	10	a. Monsun.
Albyn	82	a. Ella Sweyn.
Alcides	5	a. Scud.
Alciope	29	a. Tally Ho.
Alcira	11	m. Naida.
Alcor	46	a. Moonglow.
Alcyon	5	a. Bim Bam.
Aldebaran II	77	a. Aurora.

REGISTER OF YACHTS

ADVERTISERS' ANNOUNCEMENTS

1954

To YACHTSMEN

The **BUYER** of a second-hand yacht is advised to insist on sighting a Lloyd's Register of Shipping Condition Survey Report before concluding the deal.

The **SELLER** of a second-hand yacht is advised that he is more likely to obtain a fair price if he can produce a favourable Lloyd's Register of Shipping Condition Survey Report.

Both **PARTIES** can rest assured that Lloyd's Register of Shipping is entirely impartial.

Yacht Owners are advised to have new yachts built to Lloyd's Register of Shipping Class. This ensures a satisfactory job. A yacht carrying Lloyd's Register Class is more marketable.

The Yachting Section of Lloyd's Register of Shipping is all out to serve the Yachting Community.

Please address your enquiries regarding the above to:
THE SECRETARY, LLOYD'S REGISTER OF SHIPPING, 71, FENCHURCH STREET, LONDON, E.C.3

Whether you're a racing enthusiast or cruising man— either power or sail—YACHTING WORLD is the ideal companion. Its superbly illustrated articles cater for every stage of experience and deal authoritatively with navigation, seamanship, pilotage, cruising, racing and maintenance. The improvement of yacht design has always been a particular mission of the journal, and its design competitions have achieved international status. Its monthly design supplements are a feature found in no other journal in the world. In season and out read YACHTING WORLD regularly.

The world's leading yachting journal for both power and sail enthusiasts

Safety... in the bag

R.F.D. INFLATABLE LIFESAVING APPARATUS such as the widely adopted Universal Liferaft illustrated are a sensible precaution —essential equipment in fact—for *any* sea-going vessel. Of aircraft lightness and valise-packed for easy stowage, they can be launched from any point under any conditions and, automatically CO_2 gas inflated, are ready to board in a matter of seconds. Providing absolute exposure protection, these rafts are complete with all emergency gear; recognition light, rations, first-aid, pyrotechnics, etc. Six and ten man versions available.

R.F.D. LIFEJACKETS also lead the World in the development and perfection of personal survival equipment. Donned and inflated (again by CO_2 gas) in three simple movements, these jackets are self-righting and have proved safe even for the injured or unconscious. The type 50N Mk6 version shown here is conveniently pouch-stowed on a stout waist belt.

For Longer Life

The durability of "Little Ship" Marine Finishes is quite exceptional. Their superb quality is at once an investment in a long period of protection and preservation and an assurance of a beautiful appearance. The range is complete, providing a finish for every possible need. These finishes have been specially formulated to meet the needs of Little Ships by British Paints Limited, who have been making Marine Paints for the biggest ships afloat for 150 years.

"Koplastik" Antifouling is completely resistant to all forms of Marine growth. Keeps bottoms smooth and clean and well protected for at least a complete season.

"Brillspar" Varnish. A high gloss protective finish which is resistant to sea water, steam, oil, petrol, etc.; even oil heated to 450° F. has failed to penetrate this tough finish.

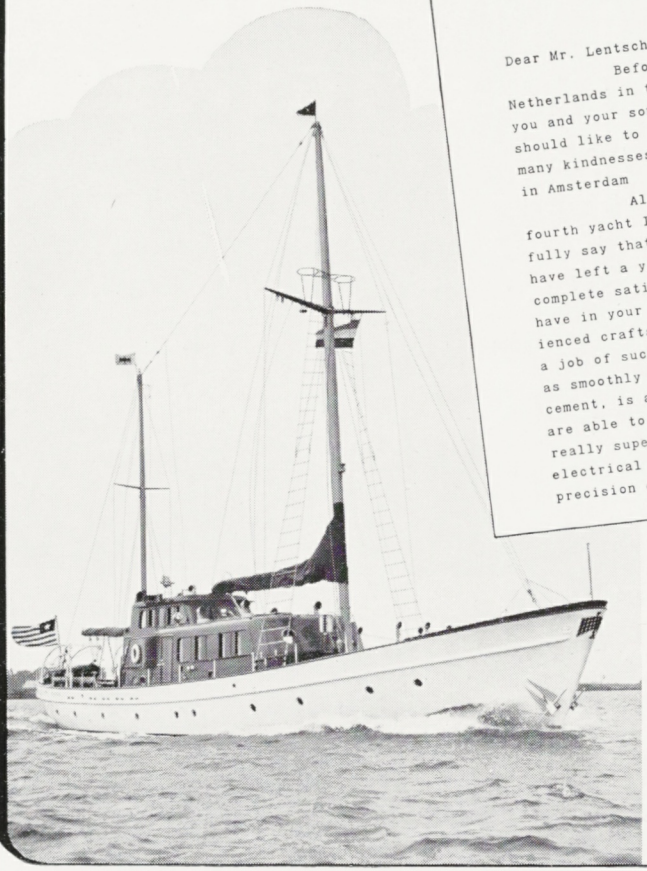
"VAGABONDIA"

90'6" x 20'9" x 7'0"
2 GM diesels of 145 hp each
design Phil. L. Rhodes, New York



ON BOARD VAGABONDIA
Amsterdam, Nederland

September 19, 1951

Dear Mr. Lentsch:

Before sailing away from the Netherlands in this beautiful yacht which you and your sons have built for me, I should like to thank you again for the many kindnesses shown to me during my stay in Amsterdam

Although Vagabondia is the fourth yacht I have built, I can truthfully say that it is the first time I have left a yard with such a feeling of complete satisfaction. You are lucky to have in your organization so many experienced craftsmen who know how to turn out a job of such high quality. To weld a hull as smoothly as mine without the use of cement, is an art that not many builders are able to master. The cabinet work is really superb, and the mechanical and electrical equipment functions with the precision of a Swiss watch!

II.

I appreciate, particularly, the fact that you fullfilled so faithfully all the details which were contained in our contract and that you never bothered me with the many "extras" which so many builders depend upon to increase their profit.

As I sail away in this wonderful ship, into which so much thought has been given by so many different persons, I feel confident that she will be a credit to her designer and builder wherever she may go. To be the master of such a vessel has long been my dream. The fact that it has now become a reality, is due in no small measure to you and your fine organization.

Most sincerely,

Dr. Matthew T. Mellon

This testimonial was given to us by the owner of the all welded motoryacht "VAGABONDIA"

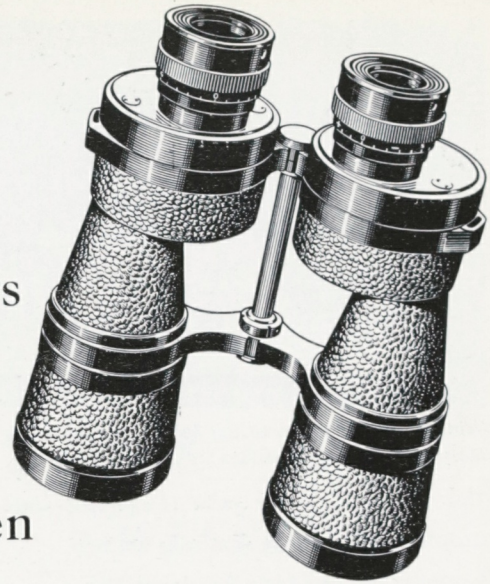
ROSS LONDON

Special Binoculars for Yachtsmen



EVEN if you never have the misfortune to drop your binoculars overboard, there is always the danger from salt spray. Damp will play havoc with any ordinary binoculars, reducing their efficiency in a very short time. The Ross Special Marine Binoculars, illustrated here and known as Tropicals, were originally developed for use by fishing and whaling fleets. They are hermetically sealed and rubber bonded, making them not only waterproof, but also shockproof. Both the exterior and interior surfaces of these glasses are fully protected against corrosion, so that even when completely immersed in water the optical components are unaffected.

The lens construction is particularly efficient, giving a field of view which is considerably wider than usual for glasses of this type. Two models are available of different power and the price includes sling, lanyard and solid leather case.

7 × 40 £46 - 1 - 7 *10 × 50 £54 - 13 - 5*

There are ten different models in the range of Ross binoculars and theatre glasses, which are fully described in our catalogue together with recommendations regarding their application. Copies are free on request.

For RACING ENTHUSIASTS

We have developed an entirely new type of anti-fouling — INTERNATIONAL HARD RACING COPPER

INTERNATIONAL HARD RACING COPPER

It is so hard that it can be rubbed down with a fine abrasive to give a satin-matt, easy wetting surface which is much faster than a gloss. It has excellent anti-fouling properties which do not deteriorate on exposure to air, even though the yacht might be out of the water for a period of up to one month.

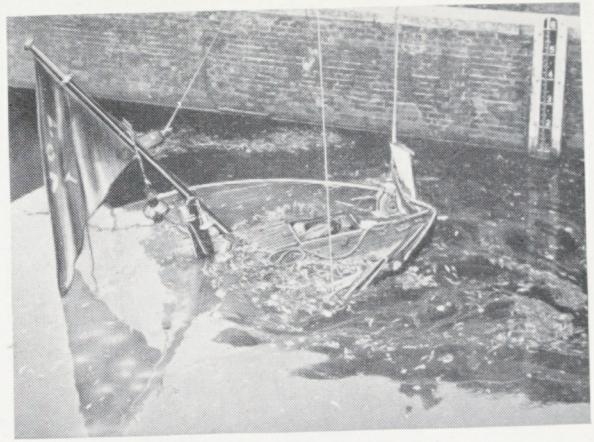
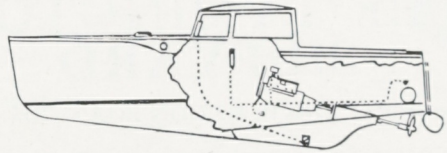
What would this mean to you ?



"END OF A CABIN CRUISER"

The wreckage of the cabin cruiser "Delya" which exploded near Windsor Bridge on Sunday morning, 19th October.

There is a danger of explosion in petrol driven craft. Petrol vapour ; gas from the cooking installation leaking in minute quantities may accumulate in the bilges to combine with air and form an explosive mixture which a spark from the engine might easily detonate with disastrous consequences. The safety rule is to test for vapour always *before* starting the engine, and to make sure engine and bilges are adequately protected. A simple vapour detector, a featherspray type extinguisher with remote control to cover engine, tanks and bilges, and a small CO2 type hand extinguisher for deck and cabin use is all that is needed.



These items also have the advantage of being easy to install and they are relatively inexpensive, but they mean *safety*. Don't wait until it is too late. Write or telephone for advice to :—

If it's a question of starting

The best answer to all diesel starting problems is the Berger Handraulic Starter.

This unique pneumatic-hydraulic system is extremely simple. It needs no outside power, no batteries, bottles or cartridges. The built-in hydraulic accumulator is soon recharged by hand. A quick pull of the release lever, and the engine springs into life! The Berger Handraulic Starter is flameproof, and operates in extreme temperatures. Both existing engines and new designs are easily and economically converted to Berger starting. *Write for leaflet 101, which contains full details of this certain-starting system.*

REGISTER OF YACHTS

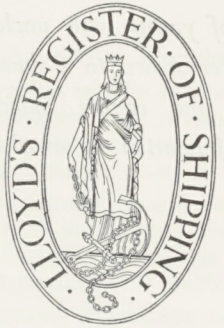
SECOND SUPPLEMENT TO THE 1954 EDITION



71, FENCHURCH STREET, LONDON, E.C.3

JULY, 1954

In the case of yachts with unclassed machinery the Horse Power shown in Column 8 is that as published by the engine makers, when this information is available.

REVISION OF YACHT RULES

The Society's Rules for the Construction and Classification of Wood Yachts have recently been under consideration by a special sub-committee. As a result revised Rules have now been adopted by the General Committee. In effect the main alterations in the Rules provide for the following:—

1. A simplification of the characters of classification and a reduction in the number of classes.

   The symbol for all new wood, composite or steel yachts (except those to be built and intended for racing under R Class Rules) will be 100A1 "Yacht". Existing classed wood or composite yachts classed A with a term of years can, on the occasion of the next Special Survey, be considered at Owner's request for the new Class 100A1 "Yacht", and be recommended for such class if found to comply with the relevant Rules.

2. The periodical survey requirements have been brought into line with 1.

   All wood, composite and steel yachts will be subject to Special Survey every four years, and an intermediate Biennial Survey in accordance with revised detail requirements. On completion of the period of classification, wood and composite yachts can be continued in class for a further period of eight years, the renewal survey being arranged so as to coincide with the due date of Special Survey.

   As regards machinery surveys, the Surveyor will be permitted some discretion in the opening up of small engines at Special Surveys, as it is not considered that the complete stripping down of such engines is always necessary. Instead, greater emphasis has been laid upon running tests and on the maintenance of the fuel, lubricating, cooling and starting systems.

   At the biennial intermediate surveys, machinery need not be opened up, provided it be found satisfactory when running at full power.

3. The text of the old Rules has been amended and rewritten for clarification and better accord with modern practice; and the tables of scantlings have been revised. A number of sketches showing main constructional items are included.

4. The General Regulations for Classification, and the periodical survey requirements, both for wood yachts and for composite and steel yachts, have also been amended to implement the main proposals under 1 and 2.

The application of these revised Rules is not compulsory for a period of six months, but they may be applied forthwith if desired by Owners.

The printing of the new Rules is being put in hand as quickly as possible, but it is not anticipated that they will be ready for general publication before September next.

ALTERATIONS TO COMMITTEE OF MANAGEMENT AND ADMINISTRATIVE STAFF

Deputy Chairman and Treasurer:

Delete A. E. M. GALE. *Insert* J. E. GREEN.

Insert **Secretary and Chief Executive:**

W. J. FERGUSON, M.ENG.

Delete **Secretary:** P. E. CLEMENT.

ALTERATIONS TO YACHT SURVEY STAFF

Delete K. HARRISON. *Add* W. L. HOBBS.
